AUTOQUIP AUTOMATION

Closed Loop Fluid Control Systems

AUTOQUIP UNIVERSAL FLOW CONTROL

Features:

- Control up to 4 spray guns.
- Closed loop paint flow control.
- Each spray gun has 32 independent recipes for flow rate control - optional analog input for rate control.
- Each spray gun has independent flow rate monitoring and display on the supplied programming / display pendant.
- Each spray gun performs coating totalization by recipe.
- Closed loop fluid control system connects with plant wide usage reporting system via Autoflow reporting software (optional).

Advantages:

- Operator no longer able to adjust spray gun fluid parameters.
- Gun flow rate can be automatically adjusted for the coating type.
- Consistent max flow rate while allowing for feathering (hand gun mode).
- Self adjusting closed loop parameters.

Options:

- Air control provides closed loop programmable atomization air.
- Remote pendant allows for remote location of enclosure from hand operated pendant.

Auto Flow Control System Parts:

Item	Basic Part Number	Options
Control System	HFC – 1000 1 per system	Auto Flow VOC Software
Gun Control Module	I/P – 1000 1 per gun	
Flow Meter	GR - 3000 GRACO - AW	HPM-15 - AW JVM-15
